Full and Early Career membership

Full

£73 \$127 €95

Early Career

£41 \$72 €53

Open to anyone with an interest in molecular bioscience and the wider life sciences. The Society welcomes members from all over the world, from all fields and professions associated with molecular bioscience.

Early Career membership brings all the benefits of Full membership at a significantly reduced cost. Applicants are entitled to apply for Early Career Membership for 10 years from the date of gaining an undergraduate or postgraduate qualification in the life sciences.

Key benefits

- Generous grants and bursaries to attend international conferences
- Reduced registration at Biochemical Society conferences and workshops
- Access to careers advice and free careers workshops
- Discounts on article processing fees for Gold open access for Portland Press journals so your research can be freely accessed*
- *The Biochemist* magazine
- **Free** personal online access to the *Biochemical Journal* and *Biochemical Society Transactions*
- 25% discount on Portland Press journals and books
- Chance to participate in debates on policy, professional and educational issues
- Gain CPD credits by attending Biochemical Society conferences
- Access to FEBS Fellowships
- Monthly members' news email

*after 2 years membership

Postgraduate membership

£19 \$33 €25

Open to anyone who has gained their first degree and is studying for a postgraduate qualification (PhD or MSc) in the molecular biosciences.

Key benefits

- ✿ Amazing discounts on registration fees for Biochemical Society conferences and workshops
- ✿ Generous grants and bursaries to attend conferences
- ✿ First access to information on placements and internships
- ✿ Opportunity to propose a Young Life Scientist Conference
- ✿ *The Biochemist* magazine with a dedicated Student Focus section
- ✿ Access to careers advice and free careers workshops
- ✿ Grants for student societies
- ✿ Discounts on Portland Press Limited journals and books
- ✿ **Free** personal online access to the *Biochemical Journal* and *Biochemical Society Transactions*
- ✿ Postgraduate and Undergraduate members' news email

Undergraduate membership

£10 \$18 €13

Open to anyone studying for a first degree in a subject related to the molecular biosciences and to school students studying for GCSEs or A-levels with an interest in continuing onto a molecular bioscience degree course.

Key benefits

- Amazing discounts on registration fees for Biochemical Society conferences and workshops
- Personal copy of Next Steps careers booklet
- Access to careers advice and free careers workshops
- Generous bursaries to attend Biochemical Society conferences
- The Biochemist* magazine with a dedicated Student Focus section
- Grants for student societies
- Discounts on Portland Press Limited journals and books
- Free** personal online access to the *Biochemical Journal* and *Biochemical Society Transactions*
- Postgraduate and Undergraduate members' news email

Associate membership

£31 \$54 €40

Open to those with a background in molecular bioscience now working in related professions. These may include science teaching, science management/administration, science editing/writing, scientific sales, scientific outreach and other similar careers.

Scientists taking a break from their career may also join in this category.

Key benefits

- Reduced registration at Biochemical Society conferences and workshops
- **Free** personal online access to the *Biochemical Journal* and *Biochemical Society Transactions*
- Bursaries to help members on a career break attend Biochemical Society conferences
- Information and support throughout your career
- Opportunity to increase networking
- Gain CPD credits by attending Biochemical Society conferences
- 25% discount on Portland Press Limited journals and books
- Chance to participate in debates on policy, professional and educational issues
- Access to FEBS Fellowships
- *The Biochemist* magazine
- Monthly members' news email
