

**BIOCHEMICAL  
SOCIETY**

# Membership

**Join** our network of 7,000 members

# Associate membership

£21 \$36 €27

Open to those with a background in molecular bioscience now working in related professions. These may include science teaching, science management/administration, science editing/writing, scientific sales, scientific outreach and other similar careers. Scientists taking a break from their career may also join in this category.

## Benefits include:

---

- ⌘ Up to £100 discount on registration fees at Biochemical Society events
- ⌘ Opportunities to submit proposals for Biochemical Society events
- ⌘ Access to Stay Connected Bursaries to help members on a career break attend Biochemical Society conferences
- ⌘ Access to careers information
- ⌘ Automatic membership of The Federation of European Biochemical Societies (FEBS) and access to FEBS Fellowships
- ⌘ Opportunities to feed into the Society's policy activities through our Policy Network
- ⌘ Opportunities to volunteer at public engagement and careers events
- ⌘ Monthly Members' News email
- ⌘ Invitations to member receptions and networking events
- ⌘ 50% discount on first two years' membership subscription of the Royal Society of Biology
- ⌘ Personal online access to *Biochemical Journal* and *Biochemical Society Transactions*

# Full membership

£82 \$139 €107

# Early Career membership

£46 \$78 €60

The Society welcomes members from all over the world. Early Career membership brings all the benefits of Full membership at a significantly reduced cost. Applicants are entitled to apply for Early Career membership for the first 10 years after gaining an undergraduate or postgraduate qualification in the molecular biosciences, after which they will become Full members.

## Benefits include:

---

- Access to a range of grants to support your research and travel as well as sponsorship for events
- Up to £1,500 available for members organizing a seminar series in your institution
- Up to £100 discount on registration fees at Biochemical Society events
- Opportunities to submit proposals for Biochemical Society events
- Opportunities to feed into the Society's policy activities through our Policy Network
- Automatic membership of The Federation of European Biochemical Societies (FEBS) and access to FEBS Fellowships
- Monthly Members' News email
- Invitations to member receptions and networking events
- Opportunities to apply for Summer Vacation Studentships on behalf of students
- 50% discount on first two years' membership subscription of the Royal Society of Biology
- Savings of up to £375 on Gold Open Access article publishing fees for Portland Press journals
- Personal online access to *Biochemical Journal* and *Biochemical Society Transactions*

# Undergraduate membership

£16 \$27 €21

Open to anyone studying for a first degree in a subject related to the molecular biosciences.

## Benefits include:

---

- Bursaries to attend Biochemical Society events of up to £300
- Grants for student societies
- Significantly discounted registration fees for Biochemical Society events
- Discounted registration fees for Biochemical Society and Royal Society of Biology training events and courses
- Priority access to Summer Vacation Studentships
- Access to careers information, including a copy of the *Next Steps* and *Biochemists in Industry* careers booklets
- Opportunities to feed into the Society's policy activities through our Policy Network
- Opportunities to volunteer at public engagement and careers events
- Automatic membership of The Federation of European Biochemical Societies (FEBS) and access to FEBS Fellowships
- Monthly Student Members' News email
- 50% discount on first two years' membership subscription of the Royal Society of Biology
- Personal online access to *Biochemical Journal* and *Biochemical Society Transactions*

# Postgraduate membership

£26 \$44 €34

Open to anyone who has gained their first degree and is studying for a postgraduate qualification (PhD or MSc) in the molecular biosciences.

## Benefits include:

---

- ✿ Access to a range of grants to support your research and travel as well as sponsorship of events
- ✿ Up to £750 to help with the costs of attending a conference, training course or lab visit in the UK or internationally
- ✿ Significantly discounted registration fees for Biochemical Society events
- ✿ Discounted registration fees for Biochemical Society and Royal Society of Biology training events and courses
- ✿ Automatic membership of The Federation of European Biochemical Societies (FEBS) and access to FEBS Fellowships
- ✿ Opportunity to propose a Young Life Scientist conference
- ✿ Access to careers information
- ✿ Opportunities to feed into the Society's policy activities through our Policy Network
- ✿ Monthly Student Members' News email
- ✿ Get involved and become a Student Ambassador
- ✿ 50% discount on first two years' membership subscription of the Royal Society of Biology
- ✿ Personal online access to *Biochemical Journal* and *Biochemical Society Transactions*
